

**REMARKS**

At the outset, the Examiner is thanked for the thorough review and consideration of the pending application. The Office Action dated May 2, 2007, has been received and its contents carefully reviewed.

Claims 29, 30 and 31 are hereby amended. Claims 1-35 are currently pending. Claims 18-28 are withdrawn from further consideration and claims 1-17 and 29-35 are examined. In this Office Action, claims 30-35 are rejected. Reexamination and reconsideration of the examined claims is respectfully requested.

In the Office Action, Claims 30, 31, 33 and 34 are rejected under 35 USC 102(b) as being anticipated by Tsumura et al. (US 6,704,066). Claim 35 is rejected under 35 USC 103(a) as being unpatentable over Tsumura et al. in view of Moon et al. (US 2002/0044246). Claim 32 is rejected under 35 USC 103(a) as being unpatentable over Tsumura et al..

The rejection of claims 30-35 is respectfully traversed and reconsideration is requested.

Claims 30 and 31 are allowable over the Tsumura et al. in that each of these claims recites this feature, for example, “a plurality of storage lines to be alternately passed along lower and upper side pixel regions adjacent to corresponding gate lines” of amended claims 30 and 31. Especially, referring Figs. 4~6 in Tsumura et al., common lines 209 are parallel with row lines (gate lines) 201. And Moon et al. does not cure the deficiency of Tsumura et al.. None of the cited references including Tsumura et al. and Moon et al., singly or in combination, teaches or suggests this feature. Accordingly, Applicant respectfully submits that claims 30, 31 and claims 32-35, which depend from claim 31, are allowable over the cited references.

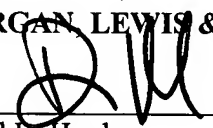

**CONCLUSION**

In view of the foregoing, Applicant respectfully request entry of the amendments, reconsideration and the timely allowance of all pending claims. Should the Examiner feel that there are any issues outstanding after consideration of this response, the Examiner is invited to contact Applicant's undersigned representative to expedite prosecution.
